PROFILE

Recent graduate with a strong passion for technology and a background in tech support and front-end development. As a tech support intern, I honed my problem-solving skills and developed a deep understanding of user needs. Additionally, during my internship, I applied my front-end development skills to create intuitive and user-friendly interfaces. Excited to contribute my diverse skill set to a dynamic team and continue learning and growing in the ever-evolving tech industry. Open to networking and exploring new opportunities!

WORK EXPERIENCE

Tech Support Intern

Startoon Labs Private Limited

Hyderabad, India   02/2023-05/2023

- Developed a medical report based on ROM and EMG for the Pheezee device, which is a product with functionality to track muscle performance and range of motion, by using front-end technologies.
- Maintained the Startoon Labs website, including updating content and adding new features.
- Performed server maintenance regularly and resolved hardware and software issues efficiently.

PROJECTS
